

FIFTH WHEEL CO.

FIFTH WHEEL

MULTI AWARD-WINNING TEAM, PROUDLY LEADING THE WAY IN BRITISH DESIGN AND MANUFACTURING OF **LUXURY TOURERS**.

We manufacture the ultimate in touring luxury, which include features such as underfloor heating, automatic levelling and slide-out sides. There really is nothing on the market to compare!

FIFTH WHEEL

CELTIC RAMBLER

The Celtic Rambler is the complete tourer: there is nothing in the market place to compare. Our penthouse on wheels has been designed to allow couples to enjoy their holiday in luxury and comfort.

FIFTH WHEEL CELTIC RAMBLER

Our flagship model is your luxury home from home.

The Celtic Rambler has been intelligently designed to allow two people to enjoy the great outdoors in absolute comfort, while still being able to sleep four adults easily.

The slide out which is operated at a touch of a button provides even more space and an extra high ceiling adds to the sense of freedom that's unique to the Celtic Rambler.

FIFTH WHEEL CELTIC RAMBLER

The interior of the Celtic Rambler is large and spacious with a separate bedroom and bathroom at the front of the tourer which includes a king-sized island bed, full sized shower and large wardrobe.

The living area can be configurable to suit different needs with options for the dining area in the slide out and the flexibility to choose either an extended chaise or entertainment unit in the opposing space next to the door.

The kitchen includes all the necessary appliances and ample work surface space to prepare even the most adventurous of dishes whilst on the road.

FIFTH WHEEL

DREAMSEEKER

The Dreamseeker is the perfect base for those wanting to explore the great outdoors. Our ultimate adventure tourer has been designed for families and couples to escape the day-to-day and dare to be different.

FIFTH WHEEL DREAMSEEKER

The Dreamseeker is smaller than the Celtic Rambler but with its unique layout and design it's perfect for exploration.

Due to the innovative slide out, this provides copious amounts of additional space in the living area.

The compact size on the road means that you can take your tourer almost anywhere. Be adventurous and let your imagination lead the way.

FIFTH WHEEL DREAMSEEKER

The yacht-style bedroom in the nosecone is cosy with a king-sized island bed for the perfect night's sleep and the versatile bathroom provides ample space to freshen up after a hard day of activities.

The living area consists of a wrap-around dining area in the slide out complimented by a rear sofa for relaxing adjacent to a complete kitchen with all the appliances needed to re-fuel.

TOURING CARAVAN

INOS

The INOS caravan doesn't just stand out from the crowd, it takes caravanning to the next level and beyond. Cleverly combining 5-star luxury and all the practical features required to make caravanning across the country a breeze.

TOURING CARAVAN INOS

The INOS was the first ever European production caravan to feature a slide out extension.

The additional 4m² that this provides transforms the traditional interior layout of a caravan into a dynamic open-plan space.

TOURING CARAVAN INOS

The L-shape kitchen has been cleverly designed to provide a division between the living and bedroom areas yet still features all the essential appliances and plenty of storage.

The INOS can accommodate up to 4 people with a king-sized island bed in the bedroom and the L-shaped front sofa converting into a double bed.

The rear bathroom welcomes you with a feature sink unit leading to a full-sized shower and heated towel rail combined with plenty of storage space.

FIFTH WHEEL OUR STORY

A multi award-winning team, proudly leading the way in British design and manufacturing of luxury tourers.

From the beginning, we set out to be a different than any other caravan or tourer company. We wanted to be the best in British caravan design and luxury and bring sheer comfort, opulence and flexibility to those wishing to explore and enjoy the great outdoors.

By continuously focusing on innovation and customer demand, we have gained popularity with customers throughout the UK, Europe and the world.

FIFTH WHEEL HISTORY

2002: Our first Fifth Wheel prototype 'Nelly' was developed known as the Celtic Rambler.

2005: The Celtic Rambler won its first Caravan Club Design award for best innovation.

2008: This year we were the first company ever to receive 10/10 by the caravan club magazine.

2010: The DreamSeeker was introduced which was made to be more family friendly.

2011: We took the NEC and the Caravan industry by storm when the Inos caravan was launched.

2013: An Inos Family model was introduced.

2015: Manufactured a range of bespoke extended DreamSeekers.

2016: First exports to Australia and New Zealand.

2017: Began our partnership with Busching Tuning GmbH in Germany.

2018: The 3rd Generation Inos was launched with a brand new internal layout.

2019: Launched the 6th generation Celtic Rambler.

2021: Launched the 4th generation DreamSeeker.

FIFTH WHEEL AWARD WINNING MANUFACTURERS OF LUXURY TOURERS

Make your dream, a reality...

Your caravan can be hand crafted the way you want it. At our state of the art factory in North Wales. We at the Fifth Wheel Company balance advanced production technology with the skills of our experienced craftsmen, to ensure each caravan is built to precision. The interior of each caravan can be customised to each individuals taste - from flooring, upholstery and coloured splash backs; to requesting a home entertainment system complete with a large smart TV!

On collection...

We want your experience with us to be as seamless as possible, from your initial viewing to the moment you collect your unit.

Upon collection, we give a thorough 2 days training and induction of your unit, to ensure you're completely comfortable with features and procedures, such as hitching and un-hitching. During the 2 days you will have access to stay on our touring site, Rhualt Country Park. This will give you the opportunity to become accustomed to your new unit and be nearby, so we can help with any initial queries you may have.

FIFTH WHEEL MANUFACTURING

Exceptional customer after-care...

Fifth Wheel Company provide a manufacturer's warranty on all new units, from the date of purchase. We also recommend that you return to us for an annual service, to be safe in the knowledge that your unit is maintained to a continual high standard and ready for the road. Our expert service engineer will provide a comprehensive service, giving you peace of mind that you're all set for the many adventures you have planned for the coming year!

Our full service includes the following checks:

- Electrical Systems | Gas Systems | Water Systems
- Heating System | Ventilation | Fire/Safety
- Chassis/Running Gear
- Bodywork
- Slide-out
